

Submission to ACART on the review of the donation Guidelines

From: Name withheld 4

16 November 2017

Hello Martin,

I realise I'm a few days past the deadline, but wanted to say that I have reviewed the revised guidelines that you are proposing, and I am satisfied that they now adequately deal with the issues I raised with ACART during previous consultations, about decisions on consent for future use of donated embryos.

Regards,

Petone
